

Existing System Instructions

MUST be done prior to the sanitarian coming out to do evaluation. You do not need to be present for inspection. Please call the office to let secretary know when site is ready.

*** Written documentation from the current property owner must accompany the application allowing a DHD#4 sanitarian permission to enter the property! ***

Septic:

- Locate and expose lid of septic tank
- Expose the 4 corners of the drainfield to expose the tile
- Locate and mark the well

Well:

- Locate and mark the septic tank and drainfield
- Wellhead needs to be accessible
- Need to be able to collect water samples
