✓ How to know if COVID-19 contract tracing calls are legitimate...

With so many COVID-19 scams popping up lately, it is hard to know what is legitimate and what isn't. If you get a call from a local health department, Answer It.

Legitimate questions asked include:

- Current health status
- Symptoms you may be experiencing
- Individuals you may have been in contact with
- Places you have been in recent days
- Other health related questions

Health Departments WILL NOT:

- Offer medication for treatment or prevention of COVID-19
- Ask for Medicaid or other insurance information for billing purposes
- Request personal financial information such as a social security number or driver's license number
