Fax (989) 734-3866

District Health Department No. 4 (DHD4) would like to alert the public of possible COVID-19 exposure locations. The only time DHD4 will alert the public to specific locations where an individual who has tested positive has been is when the contact-tracing team are unable to contact all of the individuals who may have been present (for example: public facilities/venues or larger gatherings). DHD4 wants to make the public aware of locations that may have allowed for exposure, therefore, making individual identification difficult. Individuals who were present at the listed locations, at the designated time, have the potential for exposure:

- Pub 27 in Cheboygan, MI on July 11, 2020 from 9:00-11:30 p.m.
- Mangoes in Alpena, MI on July 19, 2020 from 1:00-2:00 p.m.

Individuals should monitor for symptoms consistent with COVID-19. If they do not develop symptoms within 14 days of these dates, there is nothing to be done. Those that develop symptoms within 14 days of these dates should contact their doctor and consider COVID-19 testing.

DHD4 continues to urge residents and visitors to:

- Wear a mask in public spaces, as required by the Governor's Executive Order
- Maintain social distancing – at least 6 feet
- Avoiding large gatherings
- Wash your hands frequently for at least 20 seconds
- Avoid touching your face
- Disinfect commonly touched surfaces
