

# District Health Department No. 4

For Immediate Release  
Date: August 12, 2020

Don't Spread COVID-19. Get Tested.

Are you or is someone close to you sick or has COVID-19 symptoms? Do you work outside the home? Did you recently travel or had people travel to visit you? Did you attend a gathering with people outside of your family? You should get tested for COVID-19.

COVID-19 testing is one way we can help stop the spread of the virus; especially for those asymptomatic people. Testing leads to quick identification of cases and immediate isolation to prevent spread. Early testing also helps to identify anyone who came into contact with infected people.

DHD4 would like to remind people to remain vigilant during this high travel/tourist time of year. If you feel sick, PLEASE Stay Home! COVID-19 remains a concern in our communities and everyone must do their part to stop further spread. Keeping cases low in our area is especially important as we continue to advocate for timely reopening of schools.
