

District Health Department No. 4

For Immediate Release
Date: May 28, 2021

COVID-19 Vaccine Pop-Up Clinic Requests & Suggestions Now Accepted

In efforts to increase access to the COVID-19 vaccine, District Health Department No. 4 is seeking suggestions from community members for locations to host pop-up vaccine clinics across Alpena, Cheboygan, Montmorency and Presque Isle counties. Examples of potential pop-up clinic locations for on-site vaccination include manufacturers, restaurants/bars, grocery stores, events, festivals, food pantries, housing communities, and more.

If you represent a business or organization interested in hosting a vaccine clinic for staff and/or the public, or a community member with suggestions for pop-up locations, please visit www.dhd4.org/covid19vaccine and click on the link to complete the form. Our team will follow up with businesses or organizations who express interest as feasible. Our path out of this pandemic requires all of us working together. Your suggestions will help increase vaccination rates and prevent COVID-19 spread in our communities. Thank you!

We will prioritize suggestions for how to reach community members who face barriers to vaccine access and pop-up locations in low vaccine uptake areas.
